OS BUDIÕES

E O FUNDO DO MAR

Nº 2

Saudações do fundo do mar!

Convidamos vocês a mergulharem nesse ambiente submerso para se divertirem com a biodiversidade dos recifes de corais.

Tendo em vista o momento atual pelo qual passamos, essa atividade é mais uma iniciativa do **Projeto Budiões** para colaborar com as famílias trazendo uma opção de brincadeira e aprendizado para os pequenos.

Desejamos que vocês se divirtam e aproveitem!

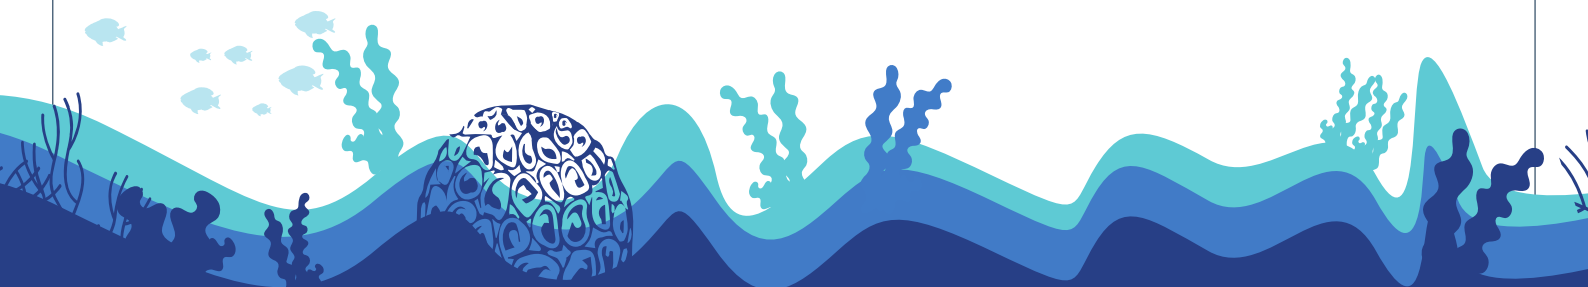

Estamos ansiosos aguardando as suas imagens das atividades coloridas e preenchidas, compartilhem com a gente nas nossas redes:
